Attending: Paula Plante, Kim McTighe, Steve Langlais, Melisa Luginbuhl and Alan Slobodien

1. SSNAP sponsored the "Safe a Life Tour" at RHS that emphasizes no texting while driving. Students responded favorably. Junior and seniors attended day long presentation and used a texting while driving simulator. Upcoming activities include the alcohol sellers bag swap.
2. Paula Plante reported that the KIDSAFE drop-in center is experiencing high use by middle and high school students – over 50 youth on a given night. Upcoming groups include: anger management, dating violence, bullying prevention and suicide prevention.
3. Those present discussed the schedule for conducting police compliance checks of alcohol sellers. It was agreed that 2-3 compliance checks would be held between April-May 2015. A discussion ensued regarding holding alcohol server training for local package stores, restaurants and convenience stores. Haley from ERASE is trained in the TIPS curriculum that assists alcohol sellers in the identification of false IDs.
4. Alan reported that a state department of education administration review of the summer nutrition program yielded only one finding. The state health department cited the Community Renewal Team kitchen that supplies lunches on some health issues. Alan needs to retrieve a copy of CRT's plan that addresses the health issues and send that to the state.

The meeting adjourned at 3:10pm following item #4 discussion.

**Next Meeting: February 24, 2015 - 2:15pm @ RHS Library**
